Certificate of Conformity with Section XXXVI of the Empfehlungen des Bundesinstitut für Risikobewertung (BfR Recommendations – June 2009)

Certificate no: 2011/4539

Product Name: 'Ultratriplex'

Date of Issue: 28 June 2011

Pira Reference No: 11A12J4601

Manufacturer/

Supplier: Kartonsan Karton Sanayi Ve Tickaret A S
Address: 5 Prof Dr Bulent Tarcan Sokak
PAK Ismerkezi Kat 3 34349
Gayrettepe
Istanbul
Turkey

Tests carried out on the above mentioned samples have shown that they comply with the following parts of Recommendation XXXVI of the German BfR:

- German BfR Recommendation XXXVI for the level of formaldehyde.
- German BfR Recommendation XXXVI for the level of pentachlorophenol (PCP)
- German BfR Recommendation XXXVI for the levels of cadmium, lead and mercury in a cold water extract of the material.
- The product also meets the limits specified in the Annex to German BfR Recommendation XXXVI (*Preconditions for the use of recycled fibres as raw materials for the production of paper*) for the levels of Primary Aromatic Amines, 4,4'-Bis(dimethylamino)-benzophenone, Phthalates (DEHP, DnBP and DiBP), Benzophenone, Bisphenol A and Diisopropylnaphthalene.

The product therefore meets the test requirements of BfR Recommendation XXXVI for use in direct contact with all classes of food including hot, moist, dry and fatty foodstuffs, with the exception of use in baking applications and hot water filtration. The product can, therefore, be used safely in its intended application.
